Please see my prior email as to how you can obtain a copy of the records requested, which is the current procedure for making copies available for SB 1421 requests.

Thank you

Is this a written policy?

Also, is there an electronic version that was created to Bates stamp?

Hm. Every other time I've ever gotten records from LAX this is actually not how it has worked. You all have always mailed them to me in the past or else transferred them electronically. And that was many requests. Are you announcing a general change in policy for LAX CPRA matters or is there something unique about this case?

And I notice that you said that you Bates stamped the pages. If you did this with a computer program then you necessarily created an electronic record to do that. Is there some reason you can't send me that by return email?

Unfortunately not.

LAXPD, the custodian of the records, is providing a copy of the records to you (free of charge) at 7303 World Way West, Second Floor, Los Angeles, CA 9004, pursuant to Government Code Section 6253(b). The records are available for pick up Wednesday 4/17

through Friday 4/19 from the hours of 1pm – 4pm. If the following dates and times do not work for you please let me know so that we can arrange accordingly.

This is the method the custodian of records has established for making a copy of the records available to requestors.

Thank you,

Can I send you a check for postage then, rather than coming out to the airport?

Hello,

My client, the Los Angeles Airport Police Division (LAXPD or Division), appreciates your patience as it completes the search for potential responsive records to your SB 1421 CPRA request.

The Division has concluded its search of 2017 records. The Division has responsive records Bates numbered SB1421 LAXPD 001 – 114, redactions pursuant to Penal Code Section 832.7, subdivisions (b)(5)&(6). These records are available for pick up Wednesday 4/17 through Friday 4/19 from the hours of 1pm – 4pm at 7303 World Way West, Second Floor, Los Angeles, CA 90045. As mentioned in prior correspondence the Division will be producing responsive non-exempt and non-privileged documents on a rolling basis starting with the most recent records, year 2018 and working backwards on a year by year basis.

The Division has completed its search of 2019 and 2018 records and there are no responsive records to your request.

We appreciate your understanding and patience and will continue to communicate with you regarding this request.

Thank you,

Karen

Given that your request is so broad and voluminous, LAWA will certainly need an extension to respond to your request because of the need to: 1) search for and collect the requested records from field facilities or other establishments separate from the office processing your request; and 2) to search for, collect, and appropriately examine a voluminous amount of separate and distinct records demanded in your single request.

There are thousands upon thousands of boxes of records that need to be located and reviewed, so processing your request will take time and will be processed on a continuing and rolling basis. The Division will be producing responsive documents on a rolling basis starting with the most recent records -- i.e. year 2018, and working backwards on a year by year basis.

To the extent your request seeks records from January 1, 2019 to the present, there are no responsive records relating to the categories of discharge of firearm, sustained finding of sexual assault, and sustained finding of dishonesty. I am inquiring as to the use of force category resulting in death or great bodily injury.

I am seeking all the records without time frame. I would prefer

that LAWA produce in reverse chronological order one officer at a time.

The records I am seeking are those made newly non-exempt by SB1421.

You are welcome.

I will do my best to describe it in email. Please know that
should you wish to discuss on the phone I am available at (424) 646 - 5156.

Can you please clarify for me:

- 1) the time frame or date range of records you are requesting; and
- 2) which categories and type of records you seek

As for production, there are volumes of records that will need
to be located, searched, and evaluated. Once I have a better
idea of the scope of your request then I can advise on expected production.

Thank you,
